

1st Annual

# Indiana ESF-8 Conference

**June 13-14, 2011**

Sheraton Indianapolis  
Keystone at the Crossing

The Indiana ESF-8 Partners Conference is designed to promote evidence-based approaches to the integration of emergency management, public health, emergency medical services and medical service functions through ESF-8 during all phases of emergency management. **Anticipated attendees include healthcare providers, pre-hospital emergency medical professionals, public health professionals, funeral directors, coroners, emergency management professionals and other public safety professionals.**

**Online Registration Now Open at [www.meshcoalition.org](http://www.meshcoalition.org)**

Registration fee includes full conference on June 13 *and choice of post-conference workshop on June 14:* mass-fatality management or NDLS Basic Disaster Life Support. A limited number of hotel rooms will be provided at no additional cost to registrants who live more than 50 miles from the conference location (rooms will be made available on a first-come, first-served basis).

For additional information, or to submit an abstract to present at the conference contact MESH at (317) 630-7409.
